### REMARKS

1: Pictures are for reference only.

2: The price is EXW factory price, not including any transportation and tax. Prices are in US dollars.

3: This quotation is valid for 30 days.

4: Payment Terms: A minimum of 30% deposit (unless another amount is agreed) is required upon placing the order. Full payment is due before order can be shipped.

5: Production period: 10-30 days upon receiving the deposit. After order completion and inspection by our staff, customer must ship the goods within one month or an additional storage fee of 100 USD per week will apply.

6: Warranty: 1 year.

a- While seller should repair or replace free of charge any product that do not work due to issues with any of the components like operating softwares, control systems, hydraulic system, chairs, special effects systems, projectors, sounds, etc... the buyer will be responsible for the transportation cost involved.

b- In the case of damages caused by accidents such as a short circuit caused by water or by human actions resulting from negligence, incorrect maintenance, improper use, unauthorized modification or repair etc... the seller should be responsible for the maintenance, while the buyer should be responsible for the cost.

c- Accessories and product appearance are not covered during the warranty, but preferential prices will be provided by the seller when the buyer needs to replace them. Warrantee of the VR glasses is about 3 months.

7: Technical Support. Upon request seller can provide on-site technical support and installation as well as training once the goods are delivered at destination. The buyer should be responsible for the round-trip air tickets, visa, insurance and accommodation of seller's staff.

8: Wooden case packing.
